The moisture content of seasoned wood is measured by its resistance to an electric current.

Water may make up half the weight of a newly felled tree. Seasoning will reduce this moisture content to one-quarter but kiln drying is necessary to drive off further moisture.

Plan Meeting of WI Representatives

Mrs. Dale Campbell's home was the scene of the September meeting of the Good Deeds W.I. Fifteen members and one visitor answered roll call with suggestions for school lunches.

A letter was read from the new constituency convener, Mrs. H. McMaster, about a constituency representative meeting to be held in Vulcan on Oct. 17, and to be attended by the president, secretary, treasurers and standing committee conveners. A new way of making money was presented by Mrs. Bob Hutton, the visiting aprons. The members are requested to have these aprons ready to turn in at the November meeting.

Mrs. Dowhan of Nanton, who had attended summer classes at the University of Alberta, gave a very interesting talk on her experiences.

The tea raffle was won by Mrs. E. E. Andrews. Mrs. Campbell served a delicious lunch, assisted

Harvesting In Full Swing

Farmers finally got a break in the weather this week to allow harvesting operations to get into full swing. Temperatures climbed to 75 above on Saturday, Sunday and Monday and remained warm, at 70 above, on Tuesday and Wednesday. The forecast on Wednesday was for fairly good weather the remainder of the week.

In the immediate Vulcan district, harvesting, as at Wednesday, was estimated to be about 75% completed and in the county as a whole about 60% completed. The northern half of the county is a few days behind the southern part but continued fine weather for another week would see harvesting practically completed in all areas.

Candlelight Circle

The September meeting of the Candlelight Circle was held at the home of Mrs. Myrtle Haydamack with 21 members and five visitors in attendance.

The meeting was opened with the singing of several hymns and prayer by Mrs. Elsey Hollister. Roll call was answered with each member reading a Bible verse on "Learning" and each one donating a jar of pickles or canned goods to the Alberta Bible College.

The devotional for the evening was brought by Rev. E. G. Hansell. His subject was the "Power of the Evil Forces," which proved very

interesting.

During the business session plans were made for the fall tea bazaar and bake table.

After the business meeting the group was entertained with Miss Sherry Haydamack playing several lovely selections on the piano.

To bring an enjoyable evening to a close a most delicious lunch was served by the hostess, assisted by Mrs. Bertha Webber, Mrs. Betty Wickstrom and Mrs. Helma Sharp.

The earliest attempt at a canal in North America was at Lachine, Que., early in the 18th century.

Canadian Railways carried a total of 162,470,013 tons of freight in 1954, a decrease of eight percent from the preceding year's 176,651,636 tons.

The total of wages, salaries and supplementary labor income received by paid workers in Canada rose \$15,000,000 to a record level of \$1,108,000,000 during August, 1955.

For many years the leading metal recovered in the Yukon was gold. But today it is exceeded in value by silver and base metals.

Legion Auxiliary Hears District Commander

Meetings of the Ladies' Auxiliary to the Canadian Legion resumed for the year Wednesday evening, Sept. 18, in the Legion Hall, with a good attendance of members. President Mrs. Earl Carruthers was in the chair and was assisted in conducting the meeting by secretary Mrs. A. C. Marsh.

Mrs. P. Nettleton of Lethbridge, District Commander, was present for her official visit and addressed the meeting briefly.

The new auxiliary flag, which was purchased this summer was displayed and much admired.

The sum of \$10 was voted to the Unitarian Services of Canada, to be used for children in need in some part of Asia, Europe or elsewhere.

During Mrs. Nettleton's address, the matter of Zones came up and it was explained by her that branches could apply to be changed from one zone to another, which has already been done by some branches. With this change it was felt that the Vulcan Auxiliary would gain more from Zone Rallies, etc., if it became a part of the Lethbridge Zone 3 and it was decided to apply for this change, with the Legion's permission.

The president named her committees for the next three months and heard reports of any activities during the summer recess.

Before adjournment, Mrs. Hilda Hunter, a past president and member of many years with the auxiliary, as well as zone commander last year, was presented with a Legion spoon and the best wishes of her many friends for happiness in her new home at Warner.

Meetings will commence at 8 o'clock beginning at the October meeting. A delicious lunch was served by a committee to conclude the evening.

Regular Meeting Women's Society

The September meeting of the W.S.W.S. was held at the home of Mrs. D. Schierman with Mrs. A. Schierman in charge of devotions.

The theme of the program was, "We Pray to Strengthen the Church." Ephesians 3 was read responsively with Mrs. E. Leback leading.

Mrs. E. Deimert continued the study, "Faith Encounters Communism," after the prayer period.

During the business part of the meeting final plans were made for participation in the Fall Rally to be held in Calgary. Twelve dollars is to be sent to Hillcrest Bible Institute and five dollars to the Lungs in Japan.

Missionary letters were read from the Alfred Adams in India, Alma Hirt in Africa and Mrs. J. Magill of Africa. The ladies then signed their names to cards which will be sent to two more missionaries.

JOHN HANNA

Funeral services for John Hanna, who died in an automobile accident Monday, Sept. 9, were held from the Vulcan United Church Sept. 14, at 2 o'clock, with the Rev. E. G. Hansell conducting the rites. Pallbearers were Mike Miller, Phil Lucas, Bob Middleton, Bert Metheral, Mart Jose, Clare Dunham, Jim McNiven and Colin McInnes. Honorary pallbearers were members of the B.P.O. Elks; who conducted graveside services: Floyd Atkinson, Gale Atkinson, Carson McKay, Bruce McKay, Jimmie Jensen, Clayton Clarkson, Ronnie Marshall and Mel Eamorr. Interment was made in the Vulcan cemetery.

held at the home of Mrs. Walter Becher with Mrs. P. A. Wildeman to be in charge of devotions.

The hostess, Mrs. D. Schierman, assisted by Mrs. P. Fritzler and Ruth Fritzler, served a very tasty lunch.

Sunday, Sept. 22, was the day for the Fall Rally of the W.S.W.S. and was held in Salem Church, Calgary. A large number of Vulcanites attended and reported a very profitable time had been spent there.

The speakers were Mrs. Albert Brant and Mrs. Manley Hodges, missionaries from Ethiopia. In the afternoon, Mrs. Brant acted as interpreter for Mrs. Hodges, who spoke in the African language. In the evening Mrs. Brant gave a very challenging message stating that the cause of missions is suffering due to the selfish wants of the Christians in the home land. A film depicting the life of a young Ethiopian lad was shown.

It is possible that Mr. and Mrs. Hodges will be able to be in the Vulcan district to tell about their work in Ethiopia.

Societies represented at this rally were Three Hills, Bieseker, Didsbury, Carstairs, Hanna, Vulcan and Calgary.

Plan Series of C. D. First Aid Courses

First Aid classes will again be conducted throughout the county of Vulcan during the coming winter months. Five instructors in St. John's Ambulance First Aid are now available, these being Mrs. Mabel Rea, Charles Budd, Jean Moyer and J. Lundy Findlay, all of Vulcan and W. H. Mullinger of Champion. While it will be the senior first aid course which will be taught, which is designed for adults, all Scouts, Guides, etc., 16 years of age and over will be welcome. Classes will be taught two nights a week in each community and last for four weeks, including the examinations. It is hoped to get the first two or three classes started early in October.

All classes will be sponsored by the Vulcan Civil Defence Unit, which comprises the County of Vulcan No. 2, the town of Vulcan and the villages of Carmangay, Champion, Lomond, Milo and Arrowwood. The enrollment fee of \$2 which includes the First Aid text book and practice bandage will be refunded at the completion of the course to those enrolled in Civil Defence. Classes will be held in the school, unless otherwise

notified. Enrollments will be made in each community with a minimum requirement of 20 adults registered. Enrollments may be made at Carmangay with Sid Thompson; at Champion with L. Schneider; at Lomond with H. Goldthorpe; at Milo with W. Thompson, Jr.; at Arrowwood with V. Culp; at Brant with Mrs. Ila Ball, and at Vulcan with W. Shields or J. Lundy Findlay.

Suggested enrollments include all civil defence personnel, firefighters, police, van drivers, service club personnel, Scouts, Guides, farmers, housewives, mechanics, and all those persons handling or caring for children, such as teachers and mothers.

This series of first aid courses is planned to be more comprehensive and advanced than previous courses conducted in the county, with more time devoted to the handling and treating of accident cases. Make-up and casualty simulation will also be used to some extent.

With the additional instructors available, classes with large enrollments can now be handled.

Four Wells Started

Increased Activity In Drilling For Oil

Increased oil activity is noted in the district this fall, with at least four new wells being drilled, most of them as deep tests.

Mobil Oil Co., is drilling approximately three miles west and eight miles south of Vulcan.

Pure Oil Co., is drilling on the Charlie McNiven farm, about 13 miles north and four miles west of Vulcan.

Two wells are being drilled for the Shell Oil Co., one about seven miles north-west of Vulcan and one on the Hanlin farm 17 miles east and one-half mile north of Vulcan.

Seismograph activity has been maintained at a high peak in the district this past summer, with several crews still making their headquarters at Vulcan and other points.

Milo Oldtimer Laid To Rest

An old-timer of the Milo district, Phillip Gooch, passed away suddenly at the home of his son, Bill Gooch, of Queenstown on Friday morning, Sept. 13.

Born in Chicago, 78 years ago, he came to Alberta in 1903 and settled in the Milo district.

Surviving are his wife, Clarissa; five sons, George, Harry, Bill, Bob, Phillip, and two daughters, Mrs. Norma Miller (Dorothy) and Mrs. Dale Hood (Shirley); eighteen grandchildren; three brothers, and three sisters.

Two Injured In Car Collision

Late Sunday afternoon two cars one driven by Mrs. Calvin Hollister and the other by an employee of a nearby oil well collided at the intersection four miles west of Kirkcaldy hurling both cars into the ditch.

Mrs. Haga came upon the scene shortly after and assisted Mrs. Hollister home and phoned the authorities. Mrs. Hollister and the driver of the other car were taken to the Vulcan hospital later where the former is suffering from shock latter has a dislocated shoulder and head injuries.

Both cars were damaged extensively.

In another mishap, the car of Const. J. L. Moyer was damaged when it slewed in loose gravel and hit a bridge over Mosquito Creek near Connemara. At the time, Const. Moyer was following a car in which were two men he had surprised in the lane behind the liquor vendor store at about two a.m. Sunday morning. Const. Moyer was on foot at the time and when the men made off in their car he followed them in his own car, but the accident allowed them to escape. There was no evidence of a break-in at any of the stores in this locality.

In another accident, the district health nurse, Miss Locke, escaped with lacerations and bruises when her car struck loose gravel and overturned on the highway near Mossleigh. The car was badly damaged.

bearers were Miller White, Bob Hill, Stanley Brown, George Elder, Jim Dew and Dave Munsey.

Blain Middleton President

Students Union Officers Installed at H. School

In a recent election for the executive of the Vulcan High School Student Council the following officers were installed: President, Blain Middleton; vice-president, Dale Clark; secretary, Diane Collier, and treasurer, Sandra Paris. Committee conveners are: Social, Linda McKay; finance, John Jamison; sports, Errol Smith; constitution, Pat Paris; Yearbook editor, Linda Grant; co-editor, Wendell Wilks, and press representative, Jean Harold.

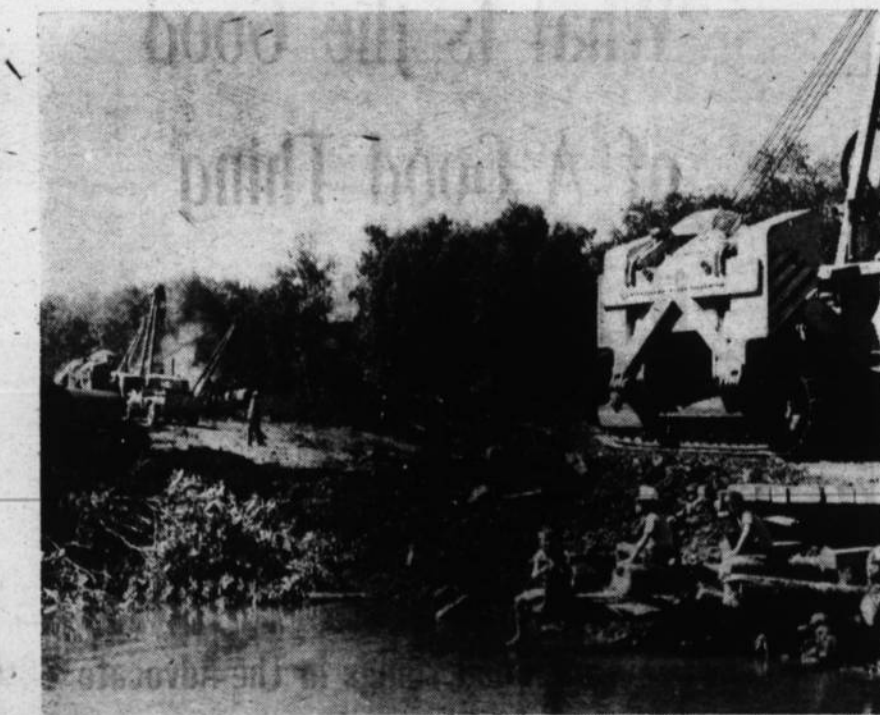

During the past week the townspeople were perhaps startled by the appearance of many of the High School students for the annual initiation that was being conducted.

The snake dance was discontinued this year but was replaced by a Court of Justice. Students guilty of not complying with the initiation rules were brought before Judges Bob Schrag and Irwin Hughes. Sentences administered included cleaning boards, washing teachers' cars, polishing door handles, dusting lockers and wearing bibs.

Friday evening the week was climaxed by the annual Initiation Dance with "The Bellhops" in attendance. During the evening Blain Middleton presented small prizes to Deanna McMasters and Errol Smith for being the best-dressed students who participated in the initiation. Although the crowd was small a pleasant evening was enjoyed by all.

ALBERTA'S NEW Minister of Public Health, Dr. J. Donovan Ross, was sworn into the Executive Council Sept. 18. He succeeds Dr. W.W. Cross whose retirement was announced recently. Dr. Cross will retain his seat in the Legislature, representing the Hand Hills constituency until the next general election. Hon. Dr. J. Bowlen, Lieutenant-Governor, administered the Oath of Allegiance while Oath of Office was administered by R. A. Crevelin, Clerk of the Legislative Assembly. Above, the new Minister, who represents Edmonton in the Legislature, is congratulated by his predecessor, Dr. Cross, Premier E. C. Manning and Hon. Dr. Bowlen look on.

THE OL' SWIMMING HOLE hold more fascination for this trio of young Manitobans than does the construction of the Trans-Canada Pipe Lines natural gas line from Alberta to Eastern Canada. The pipeliners were crossing the LaSalle River, south of Winnipeg, but the young swimmers were more interested in their favorite sport than the huge pipeline construction equipment.

So Its Not Perfect

The Financial Post, that stalwart defender of "free enterprise" in the centre of Canada's industrial empire, regularly concerns itself with "compulsory" marketing schemes. Particularly wheat.

Says the Post: "Perhaps the air is clearer on the high ranges of Western Canada where the cattle are raised than down on the plains where the wheat is grown. At any rate, cattlemen have protested vigorously against their inclusion in any compulsory farm marketing schemes as have long applied to wheat."

For the information of the Post, cattle are raised right on the plains alongside the wheat. In spite of similar climate, marketing conditions for these two products never were the same nor on the same basis. The Post intimates that cattlemen have marketed their livestock steadily and profitably, most of the time, and with a minimum government interference. In contrast wheat farmers have been "up to their necks" in compulsory marketing.

Western Canadian farmers for the most part will freely admit faults of the Wheat Board—and everyone, except out-and-out socialists, do not like such regulation and rigid controls.

But what in heaven's name would have happened to the welfare of the Canadian farmer had there been no board? A return to the "free market" system of the grain exchange would have ruined every wheat farmer in Canada. Of course the present Wheat Board is not the best system to market grain, but we feel certain farmers of Canada will "ride along with it" until a better method is found!

A high level of prosperity and increased population has created in Canada a nation of meat eaters. Consumption of meat is at an all time high and there is little worry over general market for livestock. There was a big howl among cattle-men a few years to "open the American market." This market is "open" now but is neither needed nor used. Particularly when American buyers must pay the premium on Canadian currency amounting to \$9 on a \$175 beef critter.

On the other hand consumption of bread remains almost in the same proportion to population. Bread is the subsistence food—not meat. Hungry nations buy wheat when they can afford it.

Bread is for the poor; only the rich eat meat.

PROTECT STORED GRAIN

Occasionally throughout the year we hear reports of grain stored on farms going out of condition. This often represents a loss of several thousand dollars to the individual concerned, and usually is preventable by taking a few precautions. The initial action to prevent spoilage of stored grain should be taken before the grain is placed in the granary.

Over the last few years when farmers have been required to store considerable amounts of grain on their farms, a good cleaning and disinfection of granaries is a practise that pays very well for the amount of work and expense involved. The granary yard should be kept as neat and tidy as possible. Piles of spilled grain that have been left to spoil may serve as breeding places for stored grain insects. These insects will readily move from an outside pile into a granary. After the harvest season a special effort should be made to remove all spilled grain, and other debris from the granary yard.

Before grain is placed in a storage building, special attention should be given to see that leaky roofs, doors, windows, etc., are repaired to keep out rain and snow. Any experienced farmer knows that keeping out snow is very

difficult, especially under severe blizzard conditions. This means that grain storage must be checked after winter storms. This is really important in Southern Alberta where warm chinook winds can raise temperatures very quickly.

Sanitation is a very important factor in preventing insects from infesting stored grain. Which means that granaries should be thoroughly cleaned out before grain is placed in them. When the granary is being prepared to receive the new crop a small amount of hydrated lime should be sprinkled over the floor and swept into the cracks. The walls should be sprayed with two percent Pyrethrin, or a one percent lindane solution at the rate of one gallon per 1000 square feet, there are other chemicals that will do equally well. If at all possible granaries should not be filled much above the plate, as some space is required for ventilation.

Most instances of grain spoilage during storage that have been brought to our attention, has taken place in granaries or sheds with concrete floors. Concrete floors seem to attract moisture, or cause moisture to condense resulting in spoilage. A granary with a wooden floor, above ground has been found to be the most satisfactory.

No matter how grain is stored it is a good idea to check periodically for beetles, mites and spoilage. Failure to check may mean the loss of income of a year's hard work. It is good business to protect what you have.

L. Jordon of Champion. Rev. R. E. Esdale officiated.

Her floor-length portrait gown of parachute nylon with full bouffant skirt and train with fitted bodice with a scalloped neckline and lily-point sleeves closed at the back with tiny buttons extended below the waistline. Her finger-tip veil of misty illusion net, entwined with tiny sprigs of holly was held in place by a coronet head-dress studded with rhinestones. Cloudy damp weather at the beginning of the week melted combining again, then on Monday evening rain fell to make grain tougher than ever. Although only 13 inches was registered in places, the north of the district registered more; as a result little progress has been made. For the interest of readers in far away places it may be mentioned that at least two car loads of mulling barley were shipped from Milo for growers in the Majorville district. It is difficult to obtain a report of wheat yields as yet, as not too much wheat combining has been done. Some rape was also on the growing list this season, but no report of the results of that are at present available. Frost hit all parts of the district on Tuesday and Wednesday night so tender garden vegetables and flowers are gone for another year, but it has been a longer than usual frost free fall.

The September meeting of the Milo-Queenstown Lutheran WMF was held at the home of Mrs. M. Clemmons. Mrs. Chester Thompson conducted the meeting which was more or less a routine. Discussing a letter from the Milo-Queenstown Lion's Club whether to continue serving the suppers this winter resulted in a secret ballot being taken and the vote showed only one "no" vote so the WMF will once again cater to "Feeding the Lions." Pastor Foster conducted the devotional part of the meeting. Plans for the annual tea and bazaar will be discussed at the next meeting. Mrs. Bartsch and Mrs. Francis assisted with the lunch. The place of the next meeting will be announced later.

It has been suggested from good authority that grain farmers would do well to use some of their land to the raising of cattle and sheep. Most farmers have a herd of cattle and adding sheep may be a good idea. So you fellows who are so harried and worried over the wheat situation that you can't sleep at night get yourself some sheep then in the evening go out and count your sheep, then go to bed and sleep.

The Milo-Queenstown FWUA held the September meeting at Liberty. Ten members and one visitor answered the roll call. In

the absence of Mrs. Dew, Mrs. C. Umscheid was in the chair. Correspondence and news flashes were read and it was decided to serve the Lions' supper this season again. Mrs. Chester Thompson read a bulletin on "Health" and Mrs. Prentice read one on "Understanding Our World Neighbors". At the request of the Milo Home and School to appoint a member to introduce the film on Mental Health, to be shown later in Milo; Mrs. Ross Bertrand was appointed for the honor. A number of gifts were received, to be sent to the Mental Health Association in Edmonton for distribution to mental health patients on their birthday. Mrs. Vic. Bertrand and Mrs. C. Umscheid were named conveners to work on the scrap book on Australia. Mrs. C. Umscheid read a letter recently received from Mr. and Mrs. Burke, who are missionaries in the Belgian Congo, this was very much enjoyed. The next meeting will be at the home of Mrs. Francis. The lunch convener was Mrs. Stanley Godkin and assisted by Mrs. A. Vooyas and Mrs. G. Vooyas served a delicious lunch. Mrs. Stanley Godkin was the winner of the tea raffle.

Mrs. Bennett Dew and Mrs. Neil MacLeod were visitors to Calgary on Thursday. Mrs. Dew drove the truck to market with a load of livestock.

KIRKCALDY

Mr. and Mrs. Arnold Hedin accompanied by Miss Yvonne Whitford motored to Eugene, Oregon, to visit friends for a few days last week.

Mr. and Mrs. William Brady and family have taken up residence in the Mallory suite. The former is employed by Robert Cutler.

Mr. and Mrs. Dave Kennedy and family who have resided in Kirkcaldy for the past few months moved on Monday, east of Vulcan, where the former is employed at an oil rig.

All talk over the back fence isn't about sport, or politics, or television programs. Very often it's about such vital things as looking after the family and having enough money to retire on. Your life insurance man is well equipped to solve these problems. He is trained to analyse all the facts about a family's future requirements. He serves Canadian families by offering practical plans to meet individual needs.

Life Insurance representatives have exceptional training opportunities today. Their own companies provide them with basic courses covering a wide variety of subjects.

Through the Life Underwriters Association of Canada they have access to the experience of many able men who have helped to make Canadians the world's best-insured people. This Association has a 2-year training program for its members. And, in addition, for those who desire to pursue more advanced studies, there is a 3-year university extension course leading to the Association's designation of Chartered Life Underwriter (C.L.U.).

This thorough training plus practical experience in helping people explains why millions of Canadians have welcomed the services of the modern Life Underwriter.

ARMADA

Mr. and Mrs. F. Boyd and girls were last Saturday visitors to Lethbridge.

Harvey Boyd accompanied by Marvin Wench of Majorville were recent visitors to Bassano to visit Mrs. Gordon Boyd who was a patient of the Bassano hospital.

Mr. and Mrs. Moyer of Gladys Ridge were Sunday guests of Mr. and Mrs. G. Stokes.

Mrs. Hattie McKeage of Blackie is visiting at the home of Mr. and Mrs. G. Craine.

Mr. and Mrs. L. Stokes accompanied by Bruce Veilleux were Lethbridge visitors last week.

Mr. and Mrs. Abe Stouffer of Stouffville, Ont., the latter being the former Margaret Barkey, a one-time resident of Armada and cousin of Frank Boyd were callers at the Boyd home on Monday as were Mr. and Mrs. Morris Ebby of Unionville, Ont.

Mrs. Stouffer also renewed acquaintances in the district, stopping at the Art Marks farm which was her home when only a little girl. She noticed a great change in the country and its surroundings after a period of over thirty years.

Another visitor to the Armada district which might interest some of our readers was the former Lena Gage, who once lived northeast of Armada. She was on her way to Calgary, but stopped to see her old homestead. Everything has been moved away but she said she was able to find a piece of scrap iron near the site of her father's blacksmith shop.

Miss Eileen Boyd was presented with a lovely Starflax camera, flash and case as a farewell gift from the Bank of Montreal, where she was employed. She also received a silver necklace and earring set from the bank staff as a going-away gift.

Mrs. Clifford of Lucky Lake, Sask., who has been visiting her daughter in Calgary, is now visiting her son and daughter-in-law, Mr. and Mrs. D. Clifford.

C. Stokes of Calgary is assisting his son, George, with harvest operations.

Harold Sneezley was a visitor at the George Stokes home.

Miss Edith Stewart and Jerry Stewart, former Armada residents, are guests of Mr. and Mrs. V. Williams and renewing acquaintances in the Armada district.

Mr. and Mrs. B. Veilleux and Judy were High River visitors last week. Linda returned home with her parents after having spent a lengthy vacation at the home of Mr. and Mrs. Jerry Sweet.

Miss Carol Marks entertained a number of friends on Friday, the occasion being her sixth birthday. Mr. and Mrs. W. Marks were Calgary visitors.

The county has an outfit in the district testing for gravel.

Miss Marvina Stokes will journey to Lethbridge this week where she will write exams to complete her hairdressing course.

There has been very little har-

vesting done this week; however most outfits were proceeding with the harvest on Saturday and Sunday. Many farmers have finished, while many others are nearing completion.

LOMOND

Leon Root, son of Mr. and Mrs. Glen Root, plans to attend the University of Alberta this year.

Douglass Huff is now in Red Deer where he is attending the Composite High School. Doug is the son of Mr. and Mrs. Leonard Huff.

Darrell Maronda has returned home from Calgary where he had planned to attend high school this fall.

Allan Neilson of Edmonton was a weekend visitor at the home of his parents, Mr. and Mrs. Axel Neilson.

Best wishes for a speedy recovery are extended to Mrs. Evelyn Elliott, who was a patient in St. Michael's Hospital in Lethbridge last week.

Mr. and Mrs. Ralph Chapman and family were visitors in Lethbridge on Saturday of last week.

Mr. and Mrs. Robert Nimz, Jr., of Lethbridge were Sunday visitors at the home of the latter's parents, Mr. and Mrs. L. M. Chase.

Mr. and Mrs. Ernie Linley and family, accompanied by Mrs. Linley's two sisters from Saskatchewan visited friends in Lomond on Saturday of last week.

Lomond seems rather a busy place these days with many strangers around, with a Topographical Survey and the Frontier Geophysical Drilling outfits moving in last week.

Community Club Meeting

The August meeting of the Lomond Community Club was held at the home of Mrs. Doreen Hart.

Meeting was opened with members repeating the Club Prayer. The roll call was answered with the members wearing an original home-made corsage. Plans were made for the presentation of the \$50 Scholarship from the Lomond Community Club to the Grade XII student obtaining the highest marks; this year being Miss Helene Lund. Mrs. Norma Jean Gray, district home economist, has been invited to the October meeting.

Following the short business meeting was the judging of the corsages by Mrs. Merrick, Mrs. Bennett and Mrs. Fred Hart with prize being awarded to Mrs. Aubrey Root. The nickel draw was held and won by Mrs. Esther Koch. A contest followed in which Mrs. Merrick was the winner and consolation prize going to Mrs. Henry Huff.

The next meeting will be held at the home of Mrs. Jack West, in the evening, instead of afternoon. Roll call to be exchange of pickles. Members on for the auction sale are Miss Vooys, Mrs. Ruppert, Mrs. Root, Mrs. Ost, Sr., Mrs. Ost, Jr. A very lovely lunch was then served by the hostess and her

assistants.

Lutheran W.M.F. News

The September meeting of the W.M.F. was held at the home of Mrs. Albert Johnson with eleven members and two visitors present and was opened with the song, "I Need Thee Every Hour."

Pastor Foster gave the devotional, continuing with the study of Paul's letter to the Philippians. The report of the secretary and treasurer were disposed of in order and adopted as read.

Several questions came up for discussion, but had to be tabled until the next meeting, in order that they could be looked into further, before being passed upon.

A bazaar, bake table and supper is being planned for a later date. The Bethany Lutheran Church at Lomond will be dedicated on Sunday, Oct. 6, at 11 o'clock, a.m. Dr. Dale of Camrose is to be present to make the dedication. All W.M.F. members and parents of children who attend Sunday School are invited to come to the service.

The meeting closed with the song, "Abide With Me," and the "Lord's Prayer" repeated in unison. The next meeting will be held at the home of Mrs. O. T. Sande on October 16.

A lovely lunch was served by the hostess and her helpers, Mrs. E. Hamm and Mrs. E. Johnstone who were on the lunch committee.

Home and School Association
The September meeting of the Lomond Home and School Association was held in the local school auditorium on Wednesday evening, Sept. 11, with the new president, Mrs. L. Huff, 30 members and several visitors were present.

Mrs. R. Hones, taking over her duties as secretary, read the minutes of the June meeting and a discussion followed. It was decided that the policy of paying the freight charges on books from the Travelling Library in Edmonton should be continued for any classroom desiring these services. The \$100 given by the Home and School Association for the purchase of new books for the school was also discussed.

A motion was passed to the effect that our organization send a delegate to the Banff workshop to be held in Banff between the dates of Oct. 21 and 24. It is not known definitely who that delegate will be, as yet.

A discussion followed on an Insurance Plan for the students. This plan to cover hospital and accident insurance for approximately \$1.50 per student per year. A committee was formed to look into this matter and see if the parents are in favor.

Some discussion also followed as to whether or not the school should have an encyclopedia. It was decided to write and ask Mr. Schragg about county supplying same.

The auditors report was given and accepted. A motion was made and carried that a graduation picture be ordered for the school.

A motion was also made that a letter of thanks be sent to Jim Milne as he had worked very hard on the float for the Sports' Day Parade.

Raymond Elliott was presented with a past president's pin by the program convener, Mrs. M. Liebreich. The correspondence consisted of a resignation from Mrs. H. Caulfield who is unable to continue in the office of publicity convener of the Home and School Association. She will be succeeded by Miss B. Kunkel.

At this time, M. Liebreich, principal of Lomond School, gave a very interesting and informative report on the organization of the school for this term, including information on the number of students in each class room and each grade, and the number of credits and subjects which are being offered in the high school this year.

Then the meeting was turned over to the program convener, Mrs. M. Liebreich. A \$50 scholarship for the highest marks in the Grade IX June exams was presented to honor student, Miss Jean Sokvitne, by Mrs. Stella Hendrickson, president of the Good Will Service Club, and to the one for the highest marks in the Grade XII exams to Miss Helene Lund of Armada by Mrs. Paul Ost, Jr., president of the Community Club. Both girls very graciously thanked their donors for these gifts and stated that the funds will be used in further their education.

The teachers were then extended a kind welcome and Mrs. Liebreich concluded her program by inviting parents and teachers to become acquainted with each other.

This very enjoyable evening was brought to a close by a delicious lunch, served by the social committee.

A meeting of the executive of the Lomond Home and School Association for the year 1957-58 was held in the school auditorium on Wednesday, Sept. 18, to draw up a program for the year. A very interesting series of speakers, films and other activities has been planned for the forthcoming meetings. Come out and support your local organization.

The nurse is saving regularly for a vacation trip

The father is saving for the things a growing child will need

Both have a bank account - and a purpose for saving

Nurse and father both agree that some things are too important to leave to chance. So, like most Canadians, each uses a chartered bank for planned saving, making regular deposits to accomplish a definite purpose.

Your own savings plan may be a short-term, modest one — maybe a vacation trip, or new drapes for the living room. Or your goal may be long-range, like providing more security, greater comfort and independence for you and your family.

But whatever use you find for the money you save, you'll always be glad you saved it!

Save at a bank — millions do!

Arrowwood News

A joint meeting of the F.W.U.A. and F.U.A. was held in the U.F.A. Hall on Wednesday night, with the finances of the hall being the main topic. It was decided to lace a rental on the dishes that are lent out. A buzz session on education problems also took place. Following this Leigh Williams showed pictures on their trip to Yellowstone Park, which were much enjoyed. The hostesses served a lovely lunch, these being Mrs. R. Hill and Mrs. B. Ingraham.

Mr. and Mrs. Chester Arney and family were Sunday visitors in Calgary at the home of Frank Arney, a former Arrowwood resident who celebrated his 84th birthday on Friday. We send congratulations to him and hope he has many more happy birthdays.

Mr. and Mrs. Jack Creswell and family of Calgary were weekend visitors at the home of Mrs. Pearl Cawley.

Mrs. Jay Beagle is a patient in the Vulcan hospital. We send along best wishes for a speedy recovery.

The Hall Board dance held on Friday was well attended and proved quite successful. Music was supplied by Winters' Orchestra.

Harvest operations are again in full swing, with the weather man co-operating again for a change. A small percent has been done but if the weather holds, it won't be too long.

Mr. and Mrs. Norman Miller and family of Lethbridge were weekend visitors at the home of Mr. and Mrs. Dale Hood.

G. Winton attended a bank managers' conference held in Lethbridge last Thursday and Friday.

Mr. and Mrs. Bill Lloyd and Mr. and Mrs. Percy McInerly attended the wrestling match held in the corral in Calgary on Friday night.

The F.W.U.A. Local here plan a rally with all F.W.U.A. Associations in Sub-District 5 on October 18, in Redlandview (Red Cross School). This commences at 10 a.m. and the morning session will include an address by Mrs. M. Ward on "Education." Dinner will be served at noon by the Red Cross Local. After lunch, the highlight of the afternoon will be a talk by Mrs. Armstrong on her recent trip to Ceylon, with the Associated Country Women of the World. Tea will be served. All locals are urged to attend.

Mr. and Mrs. Bert Coon of Corvallis, Ore., left for their home there on Tuesday, after visiting for the past two weeks with Mr. and Mrs. Bob Williams.

Mrs. Ann Linley has her two sisters, Misses Angeline and Hannah Zentner of Langenburg, Sask., visiting there.

Mr. and Mrs. LeRoy Richards and Miss Ann Richards of Calgary were recent visitors here at the home of their parents, Mr. and Mrs. D. Richards.

The Lions Club held their regular meeting in the club room of the hall. Further plans for the next meeting at which the District

Governor and his wife will be present, were made. The attendance was down due to some of the members harvesting. Dinner was served by the Guide and Brownie Association.

Mr. and Mrs. Clate Williams and family were Sunday visitors at Armada, with Mr. Williams' sister, Mrs. A. Beagle.

Mrs. Pearl Cawley is visiting her sons, Stanley and family of Red Deer and Vernon and family of Bowden.

Mr. and Mrs. Ivan Beagle spent a few days visiting at the home of his parents here this week.

This seems to be a good place for growing things, with Bill DeWitt boasting a Netted Gem potato weighing 3 1/2 pounds and 10 1/2 inches long, and Willard McDaniel growing a pumpkin measuring 5 1/2 inches in circumference and weighing 58 pounds. Can anyone beat this?

Mr. and Mrs. G. Wert of Calgary were weekend visitors at the home of Mr. and Mrs. Don Williams.

Mrs. Albert Moser and daughter of Field, B.C., are visiting with her son and daughter-in-law, Mr. and Mrs. S. McDermid has returned to her home.

Don't forget the annual collection of vegetables etc., for the Salvation Army, to be left at the U.F.A. Hall on October 3.

Do you have special forms for Home and School Association?

The Home and School Association held their first meeting of the season in the school on Tuesday night, with a large crowd in attendance and over 30 joining up so far, for the new term. The newly elected officers were in their respective places, with President Dean Cofell in the chair.

The regular business meeting followed, with means of raising funds to carry on for the term being one of the highlights. It was decided to hold a variety program in November. Mrs. Myrtle Ward was nominated to attend the workshop at Banff from Oct. 21 to 23. The teaching staff reported the need for a record player for use in the school room, and this will be purchased by the association as soon as possible. The subjects of school lunches and hospital insurance were also discussed.

Following this, Mrs. Margaret House, community influences chairman, took the floor, calling upon the president to present a certificate of merit to Linda Arney, for her excellent marks in Grade 9 examinations, for which Linda ably thanked those present. Mrs. Ivy Seeley, parent education chairman, then introduced the teaching staff, calling each one forward to present them with a corsage; each staff member in turn thanked the association and expressed their desire to do their part in teaching the children.

Mrs. Myrtle Ward, regional vice-president, who recently attended the Central Conference of the Alberta Home and School Association in Edmonton, gave a few of the highlights of this meeting. She also stated that she would be willing to visit other locals who wish to organize Home and School Associations and help them in any way they may desire. Norma Oberholtzer and Loren McDaniels gave a vocal duet, accompanied by Mrs. Grace Williams at the piano. A letter of appreciation was sent to the County for the fine job they did in redecorating the school here.

This brought a very worthwhile meeting to a close, with lunch being served by the hostesses, Misses Joyce House, Nympha Winton, Jane Gooch and Freda Setters.

Miscellaneous Shower

Mrs. Janus Norton was the guest of honor at a miscellaneous shower held in the U.F.A. Hall on Friday evening. The hall was decorated with many large bouquets of fall flowers and the bride's table was decorated with a large bell and streamers and in the centre a three-tiered wedding cake, made and decorated by Mrs. B. Ingraham and Mrs. Don Williams, was placed.

Entertainment consisted of two vocal solos by Rose Norton, two piano solos by Norma Oberholtzer and a reading by Mrs. Bob Williams, all of which were much enjoyed.

Following this, the bride, her mother, Mrs. Versluis and sister, Francis, of Champion, took their places at the table and opened the many lovely gifts, which were presented to her in a large red apple by Cheryl Williams and Cheryl Oakes, while the crowd sang "An Apple for the Teacher" and "School Days" both of which were appropriate since the bride is on the teaching staff here. The gifts were passed around for all to admire and Mrs. Norton very ably thanked the ladies for them.

Lunch was then served, bringing a lovely evening to a close.

Liquor Outlets Have Sparked Improvements

Manitoba's new liquor outlets have sparked a definite improvement in restaurant food and service instead of boozing spree predicted by some, Bernard Halstead, liquor commission chairman, said today.

He said, "Some people expected a revolution, but instead we've had a quiet evolution."

Manitoba's new outlets were first licensed six months ago.

Mr. Halstead said there was no evidence that the new outlets have resulted in increased drinking.

The standard of food to be offered has been a basic consideration in licensing the new outlets and the commission has been insisting on "the establishment and maintenance of the highest possible standard of food operation," he said.

Mr. Halstead estimated that more than \$1,000,000 had been spent on improvement of eating establishments.

The first of the new licences were issued March 1, and since then, 66 establishments have been licensed — all but 16 of them in greater Winnipeg.

Total sales by the liquor commission now are running about 10 percent ahead of last year.

Not many of the sight-seeing expeditions travelling through miss the opportunity of seeing the grotesque skylines and weird canyons that stretch for miles in the graveyard of the dinosaurs situated in the Red Deer River valley.

Behold, what manner of love the Father hath bestowed upon us, that we should be called the sons of God; therefore the world knoweth us not, because it knew him not.

Beloved now are we the sons of God, and it doth not yet appear what we shall be; but we know that, when he shall appear, we shall be like him: for we shall see him as he is.

And every man that hath this hope in him purifieth himself, even as he is pure. 1 John 3:1-3 advt. A.C.F.
